Connection Request Message

Hey [First Name], I work with local businesses to help them show up in Google's new AI search mode. It's a quick upgrade that most businesses don't even know exists yet. Would love to connect.

Short Pitch After Profile View or Comment

Hi [First Name], I noticed you work in [industry/role]. I help local businesses get back into Google's new AI search results. It's a fast fix, and most owners don't even realize they're missing traffic yet. Happy to take a look at your site if you'd like.

Soft Touch Follow-Up for Cold Leads

Hi [First Name], just circling back. Google's AI Mode is still rolling out, and more businesses are seeing big drops in traffic. Let me know if you want a quick check of your site's visibility—no pitch, just info to help you stay ahead.

Follow-Up Message After They Accept

Thanks for connecting, [First Name].

Google quietly launched a new AI search experience that skips regular search results. Most local businesses have no idea they're missing traffic because of it.

I've been helping owners fix that with a short visibility upgrade that gets them back in the game.

If you'd like me to check your site and show you what's missing, I can send over a quick video this week. No pressure. Just useful info. Want me to take a look?
