

VERIFIED REFERRAL PARTNERS GUIDE

Here's the simple truth:

All the outreach in the world doesn't mean squat if you're not plugged into someone who can fulfill the service and send you the check.

This guide **solves** that.

These are vetted, reliable ADA compliance providers who pay generous referral commissions.

Some pay **\$2,000** flat. Others pay a percentage.

Either way, it's real money and they handle all the hard stuff (audits, remediation, compliance documentation, everything).

This is how you stay in your lane.

Let them do the fixing.

You just keep forwarding leads.

HOW THIS WORKS

You don't need a certification. You don't need to close deals. These partners already know how to sell their service and deliver results.

Here's your role:

- You identify the problem using the AI report generator.
- You send a simple outreach email.
- When someone replies, you offer the free report.
- Once they're engaged, you introduce them to the partner.

The partner handles the sales call. You get paid when it closes.

Clean. Simple. Commission in hand.

WHAT TO LOOK FOR IN A GOOD PARTNER

Not every ADA service is created equal. You want:

- Clear, flat-fee offers (no bait and switch)
- Sales support (they follow up with your leads)
- Quick turnaround times (48–72 hours is ideal)
- Transparent tracking (so you know when you get paid)

We've done the legwork to get you started.
