

Quick Start Product Access

Congratulations on your purchase!

Accessing your purchase is simple and easy, and to make it as easy as possible, I've prepared this quick start guide for you.

Please read this **entire guide** so you can **get started** quickly with your purchase.

There are a few ways to access your course materials, however, this guide will give you the fastest way to download/view everything.

NOTE:

If you already have an account with WarriorPlus, you can skip step 1.

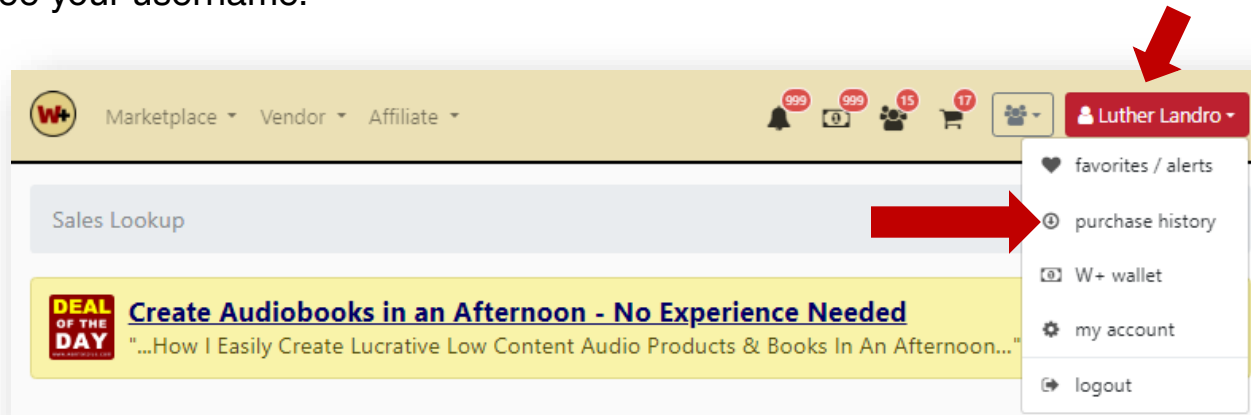

STEP 1:

Create a free account with www.warriorplus.com with **the same email address you used to purchase this product**.

This step will allow you to access all of your purchases in one place in the event you purchased any addons, optional upgrades, or other courses.

STEP 2:

Once you login, and in the upper right part of your screen, you should see your username.

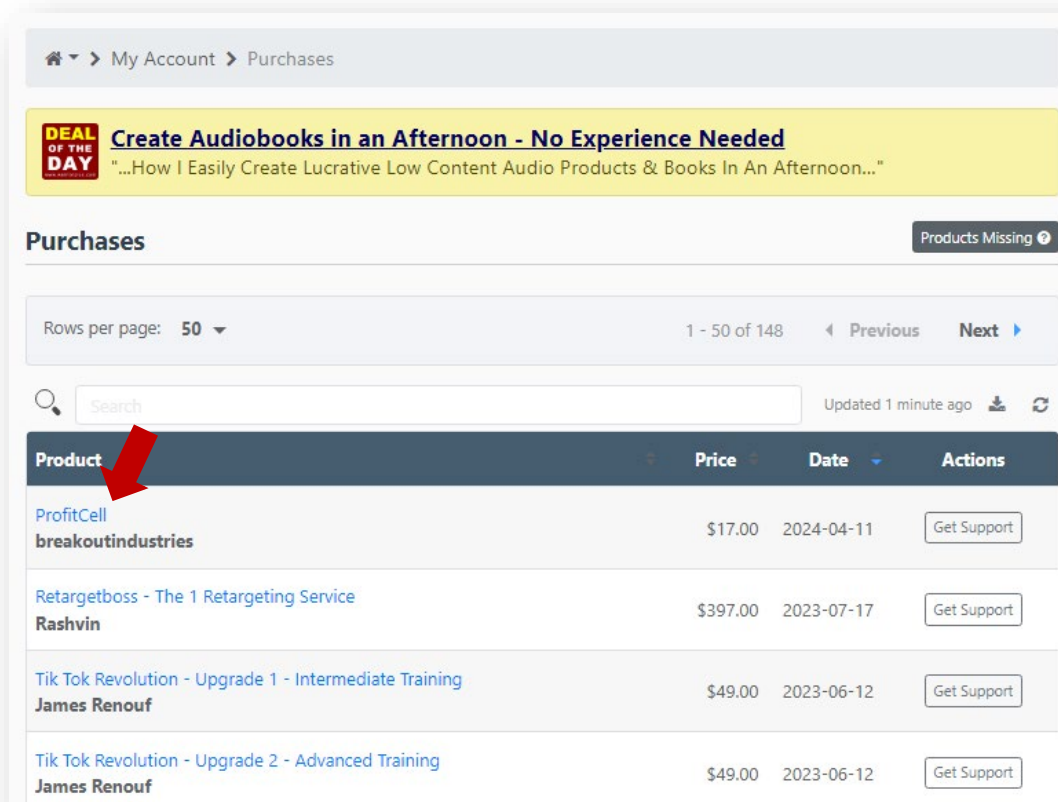

Click on your username and select "Purchase History."
